Getting to the Trail

Western Terminus

The Western Terminus of the Oregon Desert Trail starts at the Tumulus Trailhead in the Badlands Wilderness east of Bend.

Driving directions to Tumulus Trailhead:
13.5 miles from Bend. Head east on Hwy 20 for 6.5 miles, take a left on Dodds Road for 6 miles to an unmarked dirt road and turn right (directly after the mile 6 marker). Take a right at the fork in the road until you reach a parking area at the canal. The Tumulus trailhead is over the canal walkway.

For transportation between the termini, the Point bus travels between Bend and Vale/Ontario Monday through Friday. www.oregon-point.com

Eastern Terminus

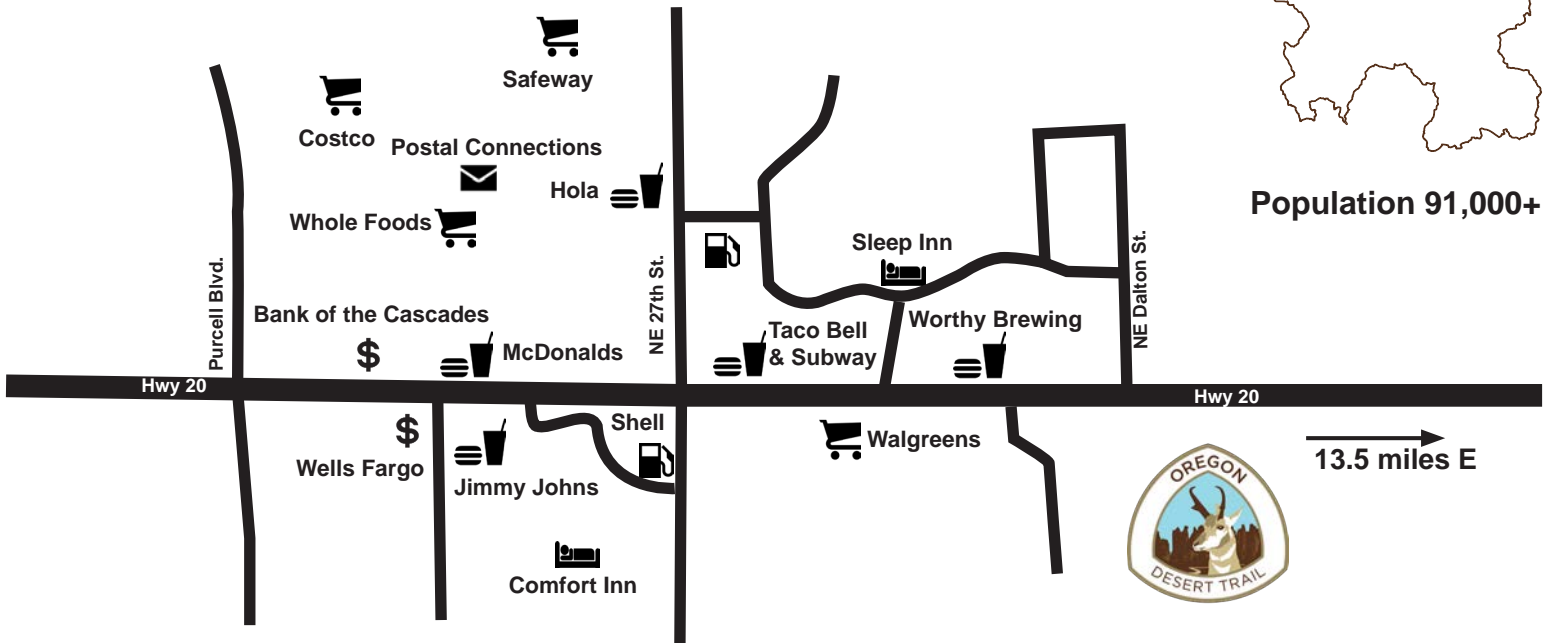

The Eastern Terminus of the Oregon Desert Trail starts at Indian Springs Campground in Lake Owyhee State Park south of Adrian.

Driving directions to Indian Springs Campground: 27 miles from Adrian. Head north on OR-201 N/1st St toward Owyhee St for 1.8 miles. Turn left onto Overstreet Rd and continue for 5.3 miles. Turn left onto Owyhee Lake Rd for 19.7 miles and the campground will be at the southern end of the reservoir road.

Calamity Butte Guide Services

541-589-4122, calamitybutte@gmail.com & on social media. Calamity Butte Guide Services is based in Burns, but works throughout SE Oregon. They love helping ODT hikers with equipment rentals, water/fuel drops, shuttle services, conditions reports, and other support over much of SE Oregon. Calamity also offers a variety of tours, as well as trip support and logistics consulting. For larger groups or events they offer backcountry catering, camp support/logistics, and pack in/out equipment.

Need help getting to the trail? Check out the public Facebook group, Oregon Desert Trail, where you can communicate with others about your needs

Bend lies 14 miles west of the western terminus of the Oregon Desert Trail. There are tons of options for eating and sleeping. We've listed just a few offerings focused on Bend's east side to get you started.

Cache Strategy

Observatory staff have offered to receive water caches from hikers at the top of Pine Mountain (mile 27.2 - there is no reliable water between Pine Mountain and the Tumulus Trailhead). Please call ahead or email to arrange a time to drop off your cache: 541-382-8331, Alton Luken: aluken@uoregon.edu. Please include your ETA data and discuss where the cache will be located when you are hiking through.

PetersCreek RV Camping Park

Peters Creek OHV Park

Waypoint CV100. Privately owned campground, contact Dan Damewood at 541-225-8839 or 541-306-0000. \$5 per site per night. Call ahead to make sure there is a spot available and the water is turned on. This is a hiker oasis after your dry desert hike so far. Water is available in the campground, porta-potties, secure parking, and a possible solar shower. Will accept food drops ahead of time if you call to make arrangements. Dan is a great source of local cultural and historical information. *Please see pg. 20 for more resupply tips when sending a box to a business like PetersCreek Campground. *Trail Register here*
The Christmas Valley Alternate will bypass Peters Creek OHV Park.

You may have heard that the Oregon desert has some of the oldest traces of humans living in North America, and Fort Rock, a short drive or hitch from Christmas Valley, is one such spot. Grass slippers were found in the nearby Cow Cave dating over 10,000 years ago. Definitely worth a side trip if you have the time!

Fort Rock

Fort Rock State Natural Area

Fort Rock Rd, Fort Rock OR 97735
Hike around this National Natural Landmark that is an old tuff ring that formed in a shallow sea in prehistoric times. Open all year round, no camping available. Pit toilets.

ODT Water Alternate

The ODT follows the scenic Chewaucan River out of Paisley for about 8 miles, but this waterway could be explored by boat for about 20 miles. Either drive to the end of the pavement, park and hop on the water, or drive up and over Moss Pass to access the longer 20 mile stretch. Winter and spring rain events often bring enough water to this river to make it navigable. If it's too low, scope out some excellent swimming spots. Watch for fences that cross the river.

Valley Falls

When traveling to or from the trail, you will pass through Valley Falls.

Access Abert Rim

Abert Rim is one of the highest fault scarps in the country, and a highlight along the Oregon Desert Trail. It rises 2,490 feet above the valley floor and stretches more than 30 miles. Hikers in Section 7 out of Paisley will be able to see where the trail meets the rim over 40 miles down the route. If you want to access this Wilderness Study Area for a short hike you can look to Bill Sullivan's description of access via Juniper Canyon in his "100 Hikes/Travel Guide Eastern Oregon" book (below).

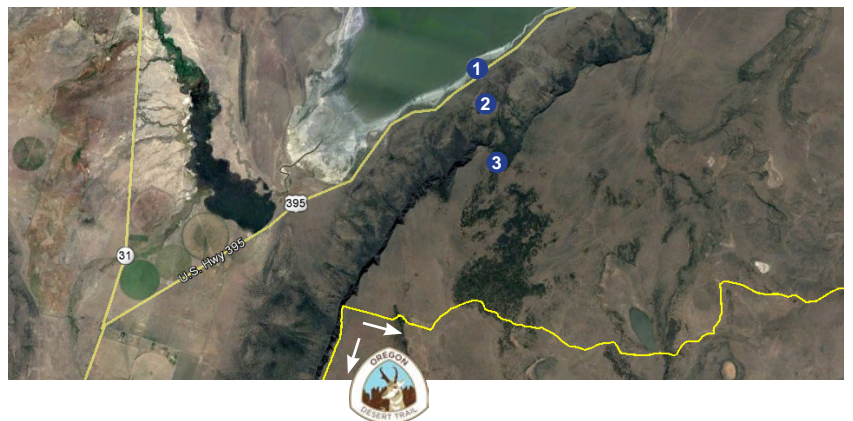

View from Section 7 on the ODT

Drive Hwy 395 north east from Valley Falls for approx. 2 miles after highway starts following Lake Albert's shore. **1** Between mileposts 85 & 84 park in a gravel pullout on the left marked "Wildlife Viewing Area."

Cross the highway and bushwalk uphill through the broad canyon of Juniper Creek to the rim's crest at a cluster of ponderosa pines. The last 300' to the rim are difficult because of thick brush and mountain mahogany and large boulder fields **2**

Enjoy the view and continue onto the Oregon Desert Trail or explore on your own! **3**

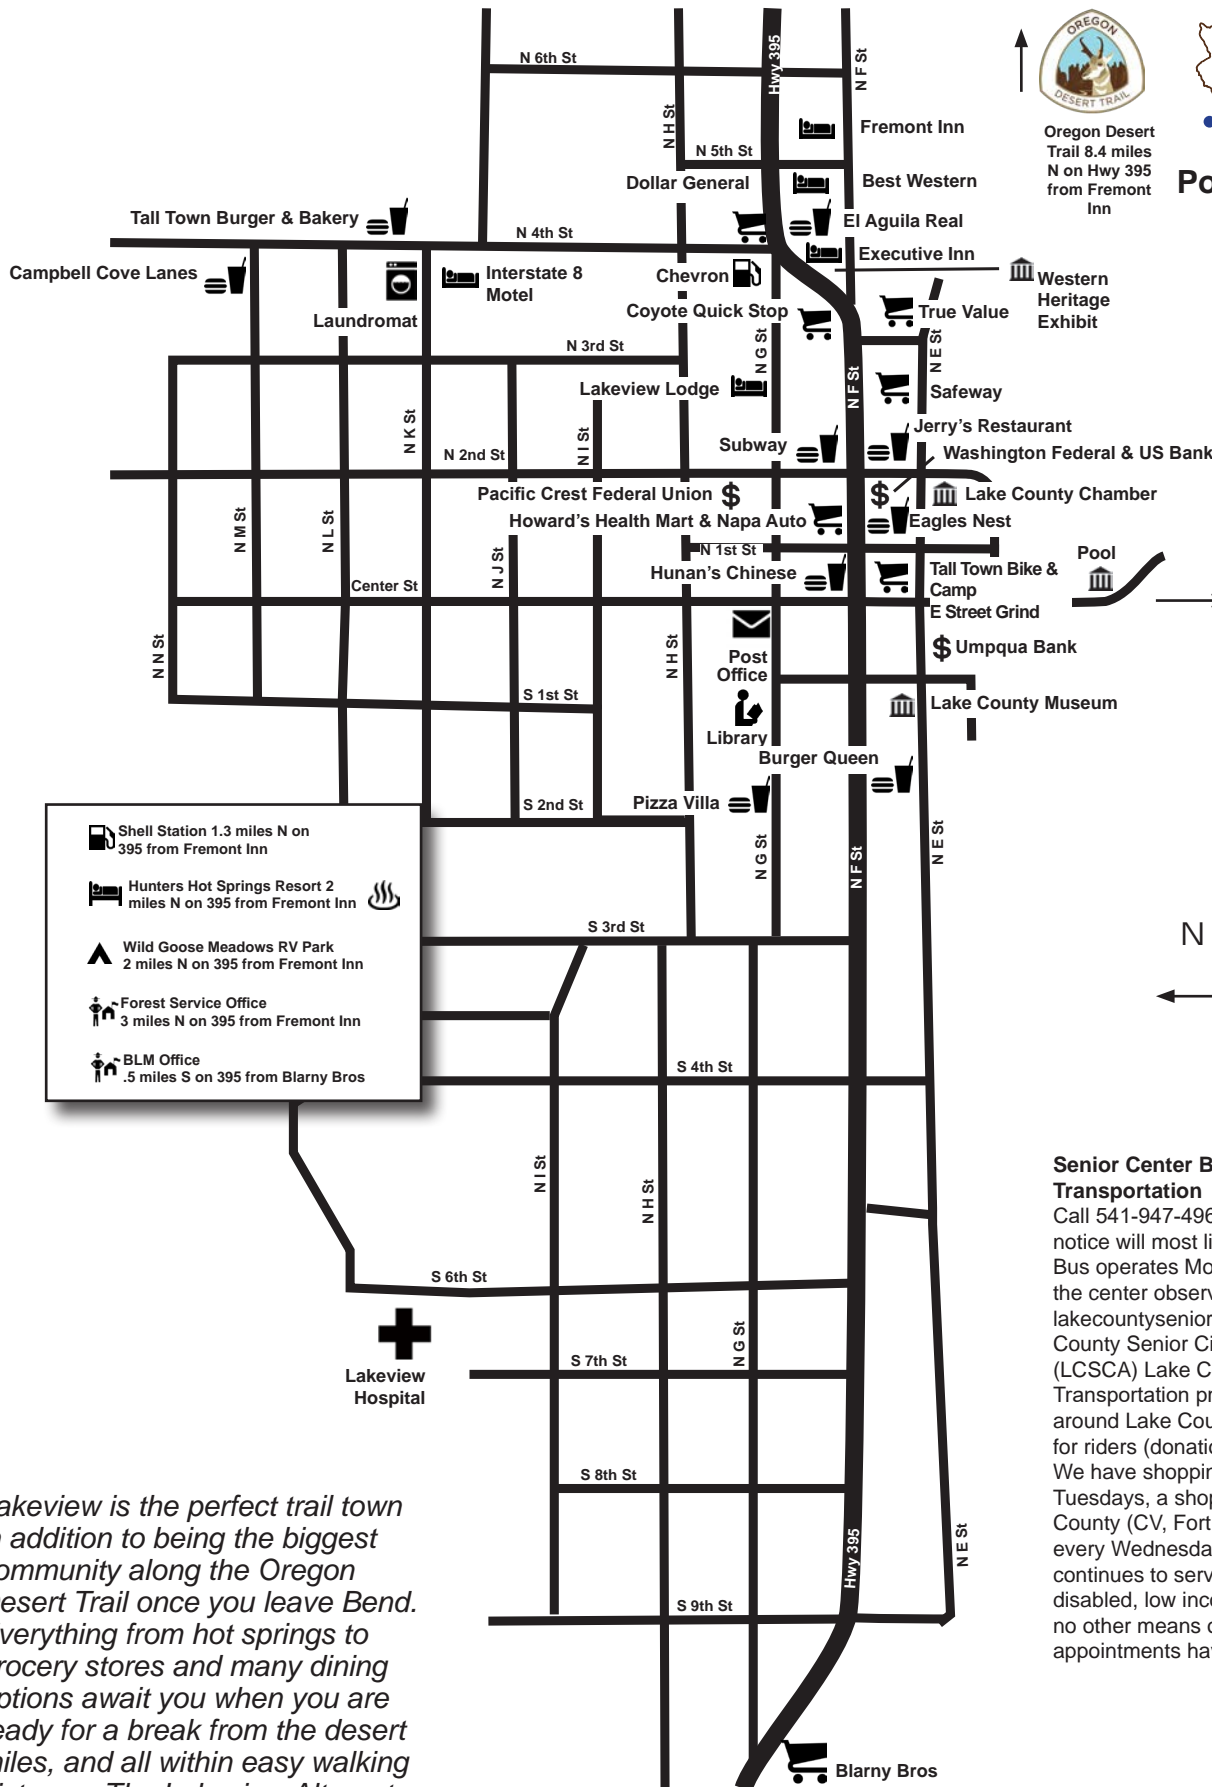

The Oregon Desert Trail is an unmarked cross country route when one reaches the rim, time to explore!

All rides are FREE for riders (donations greatly appreciated) We have shopping in Klamath Falls 3rd Tuesdays, a shopping trip from the North County (CV, Fort Rock, Silver Lake) every Wednesday to LaPine. LCSCA continues to serve senior citizens, the disabled, low income and folks who have no other means of transportation. Medical appointments have priority.

Lakeview is the perfect trail town in addition to being the biggest community along the Oregon Desert Trail once you leave Bend. Everything from hot springs to grocery stores and many dining options await you when you are ready for a break from the desert miles, and all within easy walking distance. The Lakeview Alternate will take hikers directly through town via the Bullard Canyon Trail (Noni Trail) behind the pool (see guidebook pg 38).

ATTN: No fires are allowed anywhere on the refuge outside of established campfire rings.

Roads can be closed seasonally, if a road is closed to vehicles, it is also closed to bikes.

Hart Mt. Hot Springs

Time to soak! These free hot springs are right off the ODT at the Hot Springs Campground in the Hart Mountain National Antelope Refuge and offer an excellent respite from the miles.

Hart Mt. Hot Springs Campground

Free camping year-round. Winter snows may close the campground road periodically. Conditions are primitive with pit toilets and no potable water. Sites have fire rings, but use may be restricted due to fire restrictions certain times of the year. Potable water available at headquarters. Definitely schedule a stay and soak here.

Hart Mt. National Antelope Headquarters

Visitors Center open seasonally when staff are present - call for more info: 541-947-2731. www.fws.gov/refuge/hart-mountain-national-antelope. The Hart Mt. Refuge was established in 1936 to provide range for remnant antelope herds. **It is the only spot on the trail where you need a permit, but only if you plan on camping in the backcountry while on the refuge outside the established campgrounds.** You can fill out a permit at the headquarters, but if you will be hiking West to East, you will probably want to fill one out online ahead of time: www.fws.gov/refuge/Hart_Mountain/visit/permits.html. Potable water available. Make sure to sign in the register at the headquarters if visitors center is open.

This would be a great place to meet friends or family as it is the gateway to the stunning Big Indian Gorge or Little Blitzen Gorge. There are 36 campsites with picnic tables and grills amid juniper and sage. Recreational stock (horses, mules, llamas, goats, etc.) are not allowed in the family portion of South Steens Campground, but are welcome at 15 equestrian sites complete with tie posts and small corrals. Season: May-November. Sign the BLM trail register on your way into Big Indian Gorge.

Riddle Brothers Ranch
Interested in some of the fascinating history of Oregon's high desert? Make a short side trip to the Riddle Brothers Ranch from South Steens Campground. Walter, Frederick, and Benjamin Riddle were three bachelor brothers who secured home sites and raised livestock in and around the ranch. Migrating from western Oregon, they settled here in the early 1900s and built their ranch by gaining control of water in the area. Since 1986 the BLM has managed the ranch for its historic values. The structures remaining on this ranch and their setting conjure up images of simpler times. The site has a pit toilet, but please camp at South Steens Campground and not on site.

ODT Water Alternate - Owyhee River

The Owyhee River, also known as Oregon's Grand Canyon, is a popular rafting river when winter snow and spring rains have been plentiful. Many river guiding companies offer trips on the Owyhee, or if you have a full raft set up and are capable and ready for a remote backcountry river experience you can raft from Three Forks to Rome, and from Rome to Birch Creek or Leslie Gulch. Experienced packrafters might love to explore the Owyhee too, and low water flows, even in the middle of the summer, can be plentiful enough for a 140 mile paddle from Five Bar to Indian Springs Campground at the end. Please note the Class IV and V rapids can be a difficult portage at low flows. See a trip report from 2016 for more info (<https://onda.org/2016/09/oregon-desert-trail-adventure-owyhee-river/>), or email us for details on the packrafting option: odt@onda.org.

Congratulations on completing the entire Oregon Desert Trail!

Did you complete the entire Oregon Desert Trail? Thru-hikers and section hikers who hike (and/or bike/paddle/horseback ride) all 750 miles of the route (or a continuous path from the Western to Eastern termini) earn this ODT patch. Send us an email with your start & finish dates, and photos from the termini if you have them, and we'll send you this patch:

odt@onda.org.

US Post Offices will accept packages addressed to General Delivery and will usually hold for 2-4 weeks. It is best to send via priority mail as packages can be forwarded or returned if your plans change, and delivery only takes a few days. There are a few exceptions, please see individual Post Office listings for more details on time limits. (example: General Delivery, Attn: Jane Doe, Paisley, OR 97636)

Many businesses along the ODT will also accept resupply packages, but please call first to verify and for any special directions. **Please note:** Due to costs of running a business in very remote locations, some of these outposts can only resupply once a week and may not have the fresh food or selection you would like. If you do choose to send a resupply box to a business, please consider offering to donate a few dollars for the service.

If your plans change and you want to forward or have a resupply box returned, please understand if you sent to a business and not a post office, it may be difficult or require additional effort on behalf of the business to handle your box further.

When addressing your boxes it is best to write "Please hold for hiker, ETA (date you expect to arrive)" on each side of the box.
